PROFESSIONAL CERTIFICATION

- ✓ Advanced Certificate for Management Professionals (ACMP) 4.0
- ✓ APNIC Certified IPv6 Associate
- ✓ Cisco Certified Specialist - Enterprise Core (CCNP ENCOR)
- ✓ Cisco Certified Network Associate (CCNA)
- ✓ HCIP - Datacom Advanced Routing & Switching Technology
- ✓ HCIP - Datacom - Core Technology
- ✓ Huawei Certified ICT Associate (HCIA) - Datacom
- ✓ Huawei Datacom Campus Network Associate
- ✓ MikroTik Certified Inter-Networking Engineer (MTCINE)
- ✓ MikroTik Certified Security Engineer (MTCSE)
- ✓ MikroTik Certified Routing Engineer (MTCRE)
- ✓ MikroTik Certified Network Associate (MTCNA)
- ✓ Fortinet Network Security Professional - 4 (NSE - 4)

ACADEMIC QUALIFICATION

- M.Sc. in Computer Science and Engineering (Major in Cyber Security), UIU**
Result: Enrolled
- B.Sc. in Electronics and Telecommunication Engineering (ETE), DIU**
Result: CGPA 3.83 (On a Scale of 4.00)
- Higher Secondary Certificate (HSC)**
Result: GPA 4.10 (On a Scale of 5.00)
- Secondary School Certificate (SSC)**
Result: GPA 5.00 (On a Scale of 5.00)

TRAINING CONDUCTED

- Conducted a BootCamp titled “**Networking BootCamp: Basics to Beyond**” to BRACNet Customer Support Team on September 27, 2025.
- Facilitated a training session titled “**Mastering IPv6: The Next Generation Internet Protocol**” to BRACNet Network & System Solution Team on May 28, 2025.
- Conducted a training session titled “**Networking with Mikrotik**” to BRACNet Transmission Team on December 21, 2024.
- Hosted a training session titled “**Traffic Flow Analysis – IIG, ITC, ISP, IXN**” to NovoCom Data NOC Team as a Co-Trainer on January 27, 2024.

Md. Habibullah Pappu

CAREER OBJECTIVE

Through my journey, I have encountered lots of opportunities to experience and gather knowledge in networking, system and security domain. Now I am seeking new challenges and opportunities with an organization in need of someone similar to my skill sets and suitable for long term career goals. So that I can apply my knowledge and skills to achieve organizational goals, enhancing my skills to become a valuable resource to the employer.

PROFESSIONAL EXPERIENCE

HRC Technologies Limited

Manager – Core Network

July 2026 – Present

- ✚ Lead planning, design, and management of Core Network and System Operations to ensure high availability, reliability, security, and optimal performance.
- ✚ Manage integration and connectivity with IIG, NTTN, IX, CDN, cache platforms, upstream providers, and third-party network partners.
- ✚ Collaborate with cross-functional teams to implement secure, scalable, and high-performance network solutions aligned with requirements.
- ✚ Prepare technical proposals, capacity plans, project documentation, management reports, and budget requirements for infrastructure development.
- ✚ Drive continuous improvement initiatives to enhance network resilience, service availability, operational efficiency, and infrastructure scalability.

BRACNet Limited

Deputy Manager – Core Network

January 2025 – June 2026

- ✚ Plan, design, and manage the integration of connectivity with multiple stakeholders, including upstream providers, telecom operators, banks, vendors, IXN partners, and third-party entities.
- ✚ Responsible for seamless internet and data connectivity by leveraging Routing & Switching technologies.
- ✚ Supervised a 24/7 core network operations team, serving as the primary escalation point during outages. Implemented proactive trend analysis and incident tracking to drive continuous service improvement.
- ✚ Analyze client requirements, coordinate with vendors and stakeholders, and support managed service operations teams in daily activities, while identifying areas for research and process optimization.
- ✚ Ensure timely fault detection, resolution of alarms and degradations, and provided real-time updates to leadership and stakeholders.

Assistant Manager – Core Network

July 2024 - December 2024

- ✚ End-to-end nationwide network management, integration of connectivity with IIGs, IXNs and third-party entities, traffic engineering between multiple upstream providers, ensuring industry standard compliance through regular audits.
- ✚ Maintain cache servers (GGC, FNA) for efficient content delivery, manage Inter-AS IX peering for with IXP partners for local traffic and perform traffic engineering among them.
- ✚ Attend technical meetings with clients, analyze client requirements, coordinate with vendors and stakeholders, and service operations teams to comply the requirements, and drive service improvement initiatives while ensuring adherence to SLAs.
- ✚ Technical writings, i.e. preparing & updating SOP, network diagrams, maintaining outage records, BW utilization & capacity allocation reports, customer databases.
- ✚ Conducting RNDs, evaluation objectives and translation into action plans to meet client requirements.

NovoCom Limited

Senior System Engineer – Core Network Operations (IP & Data) February 2023 – June 2024

- ✚ Provide Level-2 and Level-3 support for all data network related monitoring and operation management for IIG, ITC, IGW, ISP, IPTSP and IXN.
- ✚ Setting up nationwide backbone network as part of the team, provisioning supplier for IIG, ITC and IGW i.e. connecting upstream providers and traffic engineering between multiple upstream providers.

TRAINING ATTENDED

- ❖ **Red Hat Certified System Administrator (RHCSA)**
Duration: 04 Months
Institute: NovoCom Limited
- ❖ **Cisco Certified Specialist - Enterprise Core (CCNP ENCOR).**
Duration: 08 Months
Institute: Open ICT Ltd.
- ❖ **Cisco Certified Network Associate (CCNA)**
Duration: 12 Months
Institute: Bangladesh University of Engineering and Technology (BUET)
- ❖ **HCIP Advanced Routing & Switching Technology**
Duration: 06 Months
Institute: Huawei Bangladesh
- ❖ **APNIC Certified IPv6 Associate**
Duration: 05 Days
Institute: APNIC

REFERENCE

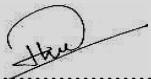

- ❖ **"Huawei Most Valuable Engineer -2025"** Award by Huawei Asia Pacific Region.
- ❖ **"Huawei O3 Top Member Award – 2025"** by Huawei Asia Pacific Region.
- ❖ **"Top Performer Award – Q1, 2025"** at BRACNet Limited
- ❖ **"Best Employee Award – Q4, 2024"** for contributing on "BRACNet Core Network Rearrangement Project".
- ❖ **Students Merit Scholarship** from B.Sc Program.
- ❖ **Champion at "Intra-Department Debate Competition"** (Department of ETE, 2016 & 2017).
- ❖ **Runner-Up at "Inter-Department Debate Championship - 2015"** organized by "Daffodil International University Debating Club - DIUDC".
- ❖ **Champion & Best Debater at "Jatio Durniti Protirodh Soptaho - 2013"** in Bogura Region, organized by "Anti-Corruption Commission - DUDOK".
- ❖ **Got "National Environment Day 2011"** Award for Social Works, organized by "Rural Services Foundation (RSF)", a Social Development Initiative by Rahimafrooz Limited.
- ❖ **Champion & Best Debater Award at "School Debate competition -2009"** from Bogura region, organized by "BRAC".
- ❖ **Champion & Best Debater Award at "Jatiyo Shishu Mousumi Protijogita -2005"** from Joypurhat District, organized by "Bangladesh Government".

STATEMENT OF INTEGRITY

I solemnly declare that all the above information is correct to the best of my knowledge and belief and can be supported with reliable documents when needed.

Md. Habibullah Pappu

- ✚ Manage and maintain routing policy and Partner provisioning for NovoNIX ASN 63520 (Internet exchange point) using Route Server (BIRD Routing daemon).
- ✚ Setup and maintain different NMS tools for managing IIG, IP Transit customers and ISP clients.
- ✚ Planning, tuning and implement routing, controlling prefixes to meet optimization, match backbone capacity and client requirements.

System Engineer – Core Network Operations (IP & Data)

January 2022 – January 2023

- ✚ Managing, maintaining & troubleshooting NovoCom (IIG & ITC), NovoTel (IGW & IOS) and InterCloud (ISP & IPTSP) datacom core network on 24/7 roster basis to ensure smooth operations.
- ✚ Planning, tuning and implement routing, controlling prefixes to meet optimization, match backbone capacity and client requirements.
- ✚ Managing trouble tickets (TT), providing level 1 & level 2 datacom related logical support for IIG, ITC, ISP, IPTSP, IGW & NIX clients & coordination with operational stakeholders to rectify operational issues.
- ✚ Technical writings, i.e. preparing & updating SOP, network diagrams, maintaining outage records, BW utilization & capacity allocation reports, customer databases.

System Engineer – Transmission Core & Network Operations August 2021 – December 2021

- ✚ 24/7 Roster basis IP & SDH network monitoring for ISP/IIG/ITC/IPLC/IGW/IPTSP/ICX.
- ✚ Working on different NMS/EMS tools for monitoring, inspection and fault diagnostics.
- ✚ Managing trouble tickets (TT), providing level 1 & level 2 logical (Data & SDH network) support & coordination with operational stakeholders to rectify operational issues.
- ✚ Maintaining and provisioning internet, L2/L3 data services and TDM connectivity via transmission infrastructure of NovoCom, NovoTel, InterCloud and Bangla ICX.

LR Telecom Limited

Engineer (NOC)

January 2021 – July 2021

- ✚ Monitoring live Data & SDH network, Bandwidth utilization, transmission network distribution over IPLC and Alarms on roster basis to ensure smooth operation.
- ✚ Configuring soft switches, regular health checkup of core devices (Cisco Router & Switch) and MUX, maintenance and supervising the functionality of network components.
- ✚ Provisioning IOS operators, international voice carriers and port allocation according to SOF.
- ✚ Communicate with Other IGW/ICX/IOS operators and up streams for Escalation, NTTNs with their related links, Resolution of the faults & Ensure Service availability.

Assistant Engineer (NOC)

May 2018 – December 2020

- ✚ Monitoring live Data & SDH network, Bandwidth utilization, transmission network distribution over IPLC and Alarms on roster basis to ensure smooth operation.
- ✚ Configuring soft switches, regular health checkup of core devices (Cisco Router & Switch) and MUX, maintenance and supervising the functionality of network components.
- ✚ Provisioning IOS operators, international voice carriers and port allocation according to SOF.
- ✚ Communicate with Other IGW/ICX/IOS operators and up streams for Escalation, NTTNs with their related links, Resolution of the faults & Ensure Service availability.

Daffodil International University

Teaching Assistant

September 2016 – April 2018

- ✚ Making course plan along with lesson plan and take steps to ensure academic progress.
- ✚ Working on student's development, promote their learning and student management.
- ✚ Implementing blended learning using MOODLE and Google Classroom.
- ✚ Conducting and arranging seminars and workshops for students and maintaining good relations with industry stakeholders as a part of the department.
